Shock and the Kidney: Pathophysiology and Pharmacological Support 1

J. Endresen, D. W. Hill
The Present State of Trend Detection and Prediction in Patent Monitoring 15

P. von Wichert, F. V. Kohl
Decreased Dipalmitoyllecithin Content Found in Lung Specimens from Patients with so-called Shock-Lung 27

R. D. Cane, N. Buchanan, M. Miller
Pulmonary Oedema Associated with Hydrocarbon Inhalation 31

W. Al-Diaidy, S. J. Skeates, D. W. Hill, J. Tinker
The Use of Transcutaneous Oxygen Electrodes in Intensive Therapy 35

M. C. P. Apps, J. M. F. Clark, S. J. Skeates
Hydrothorax, a Complication of the Insertion of Central Venous Cannulae 41

Announcements 45

Volume 3, Number 2, 1977

B. Regnier, M. Rapin, G. Gory, F. Lemaire, B. Teisseire, A. Harari
Haemodynamic Effects of Dopamine in Septic Shock 47

N. Buchanan, R. D. Cane, M. Miller
Symmetrical Gangrene of the Extremities Associated with the Use of Dopamine Subsequent to Ergometrine Administration 55

M. Rigaud, J. Boschat, P. Rocha, A. Ferreira, J. Bardet, J. P. Bourdarias
Comparative Haemodynamic Effects of Dobutamine and Isoproterenol in Man 57

S. N. Mohapatra, K. L. Costeloe, D. W. Hill
Blood Resistivity and its Implications for the Calculation of Cardiac Output by the Thoracic Electrical Impedance Technique 63

S. Piepenbrock, G. Hempelmann, C. Westermann
Massive Doses of Methylprednisolone (30 mg/kg) in Man: Immediate Haemodynamic Effects in "Low Output State" 69

F. Jardin, J. Bardet, A. Sanchez, F. Blanchet, J. P. Bourdarias, A. Magairaz
Massive Pulmonary Embolism without Arterial Hypoxaemia. Pathophysiology in Two Cases 77

S. I. Magalini, E. Scrascia, A. Bondoli, G. Pelosi, R. Proietti
Plasma an Intraerythrocyte Amino-Acid Levels During and After Haemodialysis in Acute Renal Failure 81

N. Buchanan, R. D. Cane, R. Kinsley, C. D. Eyberg
Gastrointestinal Absorption Studies in Cardiac Cachexia 89

J. C. Stoddart
Haemolytic Streptococcal Septicaemia 93

R. Talvik, A. Liigant, H. M. Sissak, N. O'Konnel-Bronina
Respiratory Failure in Acute Pancreatitis 97

S. W. Porter
Intensive Therapy Nursing 99

Announcement 104

Volume 3, Number 3, 1977

Résumés des Deuxième Congrès Mondial de Réanimation

Abstracts of the Second World Congress on Intensive Care

Paris, September 19–23, 1977

Volume 3, Number 4, 1977

M. Rapin, R. Nedey, G. Vourc'h, P. Huguenard, F. Nicolas, G. François
Report on the Second World Congress on Intensive Care, Paris, September 19–23, 1977 227

Lectures held during the Second World Congress on Intensive Care

F. Morel
Mode of Action of Hormones on the Kidney 231

L. J. Goldberg
Recent Advances in the Pharmacology of Catecholamines 233

R. M. Fauve
Inflammation and Host Resistance to Pathogens 237

Bo K. Siesjö
The Influence of Respiratory Disturbances on Acid-base and Energy Metabolism of the Brain 245

N. A. Lassen
Cerebral Ischemia 251

A. Piettre
Aspects of Economics, Ethics and Civilization 253
